

Global Resin Distributor *of Choice*

Founded in 1973 as General Polymers, Nexeo Plastics has become a leading global distributor of nearly every grade of thermoplastic resin for injection molding, extrusion, blow molding and rotational molding, including biobased materials. Acquired by affiliates of One Rock Capital Partners in 2019, Nexeo Plastics serves over 60 countries, catering to industries such as **mobility, healthcare, packaging, industrial, and electronics and electric.**

Our company has established itself as a global leader in the industry, distributing over 20,000 products to customers worldwide. Our dedicated team of over 700 employees strives to provide exceptional service and support to our extensive base of 10,000 customers.

Sustainable Solutions

Understand your needs.
Overcome your challenges.
Deliver solutions.

Our Distribution Network — North America

Driving Efficiency in Your Business

At Nexeo Plastics, we can help you overcome the complex issues of managing your thermoplastic resins and compounds. When you choose our distribution network, you can:

- Optimize working capital by reducing or eliminating your large scale investments in inventory
- Reduce your in-house inventory footprint consumed by storing products, allowing space for production or finished goods

Experienced Professionals

Our committed team is built to support your business from project inception through production.

Inventory Solutions

Over 60 owned and operated NAM warehouses, packaging flexibility and logistics experts

Supply Chain

Advanced infrastructure and network that can create efficiency and value for your operations

Customer Care

Dedicated teams proactively managing your needs to deliver a positive customer experience
