

Nexeo Plastics Promotes Brian Winicki to Vice President of North America Corporate Sales

Nexeo Plastics Promotes Brian Winicki to Vice President of North America Corporate Sales

THE WOODLANDS, Texas, October 11 – Nexeo Plastics, a leading global thermoplastics resin distributor, is pleased to announce the promotion of Brian Winicki, director of North America Corporate Sales and Automotive, to the position of vice president of North America Corporate Sales. As vice president of Corporate Sales, Winicki will continue to oversee the North America Corporate Sales and Automotive team's sales goals and team development. Additionally, he will be responsible for the development of strategic sales plans to improve performance, drive customer satisfaction among new and existing customers, and meet the company's growth initiatives. "At Nexeo Plastics, we believe in rewarding and promoting our employees for their performance," said Nexeo Plastics Chief Commercial Officer Jeff Collier. "Brian has been a valuable member of our North America Commercial organization and has demonstrated exceptional leadership and strategic sales planning experience during his time at Nexeo Plastics. His wealth of knowledge, experience, and professionalism have been the driving force behind consistent sales growth from his Corporate Sales and Automotive team, and we are thrilled to promote him to vice president." Brian has more than 37 years of service at Nexeo Plastics, including 20 years in leadership. He has spent his career as an account manager across multiple regions and has established long-term business relationships with employees, customers, suppliers, and industry leaders

About Nexeo Plastics

Nexeo Plastics is a leading global thermoplastic resins distributor, representing quality products from world-class suppliers, and serving a diverse customer base across North America, Latin America, Europe, Middle East, Africa and Asia. From material selection assistance to identifying supply chain and inventory solutions, we go beyond traditional logistics to provide value-added services across many industries, including automotive, healthcare, packaging, wire and cable, 3D printing and more.
