

Techsurf[®]

Techsurf®

Characteristics

Melt additives that impart durable hydrophilicity to polyolefin fibers, nonwoven fabrics, and specialty plastic applications.

Applications

- Diapers
- Wipes
- Feminine care
- Filtration
- Battery separators
- Medical tubing

Benefits

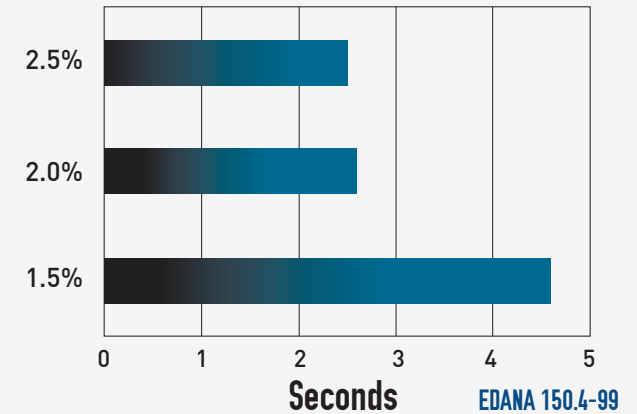

- Reduced surface resistance of finished fabric
- Increased absorption capacity
- Enhanced wettability
- Improved softness
- FDA approved up to 3.33% *
- Non-cytotoxic
4% Techsurf® 15560 in 20 gsm PP nonwoven =
Cytotox Rating 0 Cytotoxicity rating
(MEM Elution L929, extraction test)
