

# SOLUTIONS FOR LAWN & GARDEN

**WASHINGTON PENN**  
An AUDIA Company

Formulate Great.™

# FORMULATING FOR THE GREAT OUTDOORS.

Applications in the lawn and garden market often involve durable outdoor equipment with varied material requirements, including structural, weatherability, heat resistance, aesthetics, and paintability.

Our solutions are up to the task and can be designed to meet any specifications needed for tough, outdoor environments.

Achieve equal or better properties compared to traditional engineering resins and metal at lower costs. Our dedication to creating tailored formulations means we can design to fit within existing tools, avoiding additional manufacturing costs. This is just one of the many ways we can help.

Let's collaborate and, together, formulate great.

## Applications:

### Lawn & Garden

- Engine covers
- Instrument panels
- Sprinkler housing
- General lawn equipment

## Our Solutions:

- Glass and mineral reinforced polypropylene
- TPOs with high-gloss, impact/UV resistance, and color precision
- Paintable TPO
- Nylon replacement
- Pro-Touch® for tactile enhancement
